Summary

Information Systems undergraduate with a strong interest in both Business Analysis and Software Engineering, combining analytical thinking with technical problem solving skills. Experienced in requirements elicitation, user stories, acceptance criteria, process mapping, and Agile delivery, alongside hands on involvement in software development projects. Skilled in collaborating with cross functional teams, documenting business and technical requirements, and contributing to end to end software solutions. Familiar with Jira, UML, BPMN, TypeScript, Node.js, PHP, and SQL.

Experience

Dialog Axiata PLC Jun 2023 - May 2024

Customer Service Associate (Full-Time)

- Gathered stakeholder requirements at the Customer Interaction Centre (CIC) across Dialog's QuadProduct suite to diagnose system issues, clarify functional needs, and identify suitable solutions.
- Analyzed billing and provisioning workflows, documenting recurring defects through Change Requests and service logs to identify process gaps and support improvements.
- Worked with CRC teams during service incidents to resolve customer issues within SLA targets, strengthening cross-functional communication.

Education

University of Colombo School of Computing (UCSC) May 2024 - Present

BSc in Information Systems

Current GPA: 3.46 Expected Graduation: 2027

Hindu College Colombo *Graduated 2022*

GCE Advanced Level (Maths Stream, English Medium)

Results: 2 Bs, 1 C (Z-Score: 1.22)

Projects

GridX - Peer-to-Peer Energy Trading Platform *Group Project*

Tech Stack/Tools: TypeScript, Node.js, PostgreSQL, Docker, gRPC, GitHub, Jira, Confluence

- Facilitated bi weekly backlog refinement and stand ups, collaborating with team members across technical areas to clarify requirements and follow up on tasks.
- Contributed to backend service development using TypeScript, Node.js, and gRPC, supporting communication between platform services.

AutoNexus - Vehicle Repair & Service Station Management System *Group Project*

Tech Stack/Tools: PHP, HTML, CSS, JavaScript, MySQL, MVC, XAMPP

- Analyzed existing service workflows and created "As-Is" and "To-Be" process flowcharts to identify bottlenecks and support process optimization.
- Implemented MVC based PHP functionality for work order management, integrating application logic with a MySQL database.

SwiftTrack - Middleware Architecture for SwiftLogistics *Group Project*

Tech Stack/Tools: Node.js, Express, Python, PostgreSQL, RabbitMQ, WebSockets, Docker Compose, REST, SOAP/XML, TCP

- Designed an integrated middleware platform using an API Gateway to connect logistics systems through REST, SOAP/XML, and TCP protocol adapters.
- Containerized and orchestrated multiple services using Docker Compose, with PostgreSQL integration and automated testing.

Zovro - Real-Time Ride-Sharing Platform *Individual Project*

Tech Stack/Tools: React, Vite, Node.js, Express, PostgreSQL, JWT, Leaflet, OSRM

- Built REST API services using Node.js and Express with PostgreSQL for relational data management and JWT-based authentication.
- Integrated React, Leaflet, and OSRM to support interactive maps, route visualization, and location-based ride coordination.

Key Skills

Business Analysis: Requirements Elicitation, User Stories & Acceptance Criteria, Process Mapping, Backlog Refinement, UAT, Requirements Traceability, SDLC.
Methodologies & Tools: Agile/Scrum, Jira, Confluence, RTM, BPMN, UML, Draw.io, Figma, GitHub.
Technical Skills: TypeScript, JavaScript, React, Node.js, PHP, SQL, PostgreSQL, HTML, CSS, REST APIs, gRPC, Git, Docker.
Soft Skills: Stakeholder Communication, Written & Oral Communication, Collaboration, Problem Solving, Analytical Thinking, Organizational Skills, Time Management, Team Leadership.

Volunteering & Extracurriculars

Rotaract Club of UCSC
Treasurer Jun 2026 - Present

- Manage project allocations and track club operational budgets using structured financial reporting systems and documentation.

General Member - Professional Development Sep 2025 - May 2026

- Led end to end planning and logistics for professional skills development workshops, coordinating activities, timelines, and project based learning for undergraduate participants.

Sports - UCSC

- Represented UCSC in Rowing, Scrabble, and Hockey at Freshers' Tournaments, demonstrating focus and teamwork.

Hindu College Colombo
Prefect Feb 2019 - Feb 2021

- Coordinated school wide event logistics, managed student body initiatives, and mediated peer conflict resolution.

School Hockey Team Oct 2017 - Dec 2018

- Represented the school in inter school hockey competitions.

Certifications

Introduction to Business Analysis *Jul 2026*
International Institute of Business Analysis (IIBA)
Agile at Work: Planning with Agile User Stories *Aug 2026*
Project Management Institute (PMI)
Agile Product Owner Role: Foundations *Sep 2026*
International Institute of Business Analysis (IIBA)
Scrum: The Basics *Sep 2026*
Project Management Institute (PMI)

Additional Information

Languages:
English - Professional Working Proficiency
Tamil - Native Proficiency
Sinhala - Professional Working Proficiency
